Manager, Design Standards
Quality Assurance Division
The Port Authority of NY & NJ

Re: One World Trade Center

Dear Mr. Bohl,

The NYC Department of Buildings has completed the review of the plans and specifications, with regard to One World Trade Center, submitted on May 1, 2009, and amended plans received on August 26, 2009 submitted in response to objections issued on July 1, 2009.

As per DOB and PANY/NJ Memorandum of Understanding (11/3/93, 6/7/95, 9/15/95) and "World Trade Center Redevelopment Agreement" (11/24/04), the scope of the plan examination has been limited to construction classifications, fire protection systems, and means of egress. The Department has found the building to be in full compliance with the applicable provisions of the 1968 New York City Building Code.

If you have any other questions or require further assistance, please contact Harold Dangler at hdangler@buildings.nyc.gov
