Perhaps one of the ^{harsh} aspects of federal prison is the
inability to defend yourself as the Federal Government unleashes its
disinformation blitzkrieg. That ends today - I want the world
to learn what I've learned over the past year: The United States

well enough to know Federal Government is the most corrupt, tyrannical government on
the planet - no person, entity, or other govt

I text my dad from whatsapp & Signal incessantly & finally got a response @ 1% battery. I said please put articles on drafts in gmail. Response: My lawyer advised me not to. Fucking incredible. Fucking. Incredible. My own father, who fucked me into \$150,000 of credit card debt won't help me. Why the fuck is everyone such a god damn pussy. **EVERYONE IS SO FUCKING PUSSY!** Grow a pair and stand up to these assholes.

Was finally able to call & talk to him and I felt so fucking bad... the man sounded terrified at the govt & said they're watching my email, they're listening & watching everything. But, he also said Josh Drake was coming to see me Thurs or Fri. I thought I convinced him to setup a protonmail email acct for me to upload the articles

The Lean Startup

Thursday August 23rd
Yesterday

Well a lot has happened lately. ~~Today~~ I started closing the phone & in the process setup a new protonmail which I transferred the Wordpress too. I also noticed that NO msgs were responded on whatsapp so I asked my bro. he went back and forth but ~~the~~ they decided for me not to publish the articles — well, rather, not to give me my own fucking articles. Isn't that incredible? They fucked up to begin with & published the wrong (old!) versions THEN they didn't publish the two most important parts (8 & 9) and now they are withholding ALL of them.

Heard tonight from my parents that Josh Duhal is coming tomorrow, mid-morning... 9, 10 AM

Yesterday I started emailing Steve from the Washington Post

Shane Harris 202-489-4027

Just phone calls

spout email: ~~OR~~ shane.prosra@gmail.com

I'm hoping to write/edit my portfolio. I don't know how I can get that — oh I may text Shane Harris from Shane Prosra's number. Our claims that some service exists to do this — I'm dubious.

! Although I feel this may not work either... IDK. Basically on-hold for my publication.

Secondly, I want to rewrite article #10: Volume of the Mind!

... and Casanova's book intro (edit).

I want to finish reading BOTH "The New Jim Crow" & Victor Frankl

He can certainly be an ass & it's not hard to see why someone would get him up.

Speaking of which

@realDonaldTrump You have a lot in common with ~~Mr. Schulte~~ Joshua Schulte - The FBI wants to fuck you both & is doing everything even willing to break the law to do so. His attorney in TX has even raided too!

Omar hasn't been sleeping the last few nights so I've gotten great sleep. This morning I slept until like 9:30 AM straight. No chance to use anything in the morning.

Talked with Belwin today from 6 to 7ish or so. He's an interesting, old man. Loved his input. I'll be happy once he jumps on board — him & Mark Seider will make a great team.

I posted the FB thing ~~on~~ on the John Galt page & changed the pw. We'll see what happens! Maybe a little interest? In a week I'm going to dump all my stuff.

Tech report still missing (X exhibits, yalco stuff, etc). Should be able to finalize by ~~the~~ tomorrow. Tues or Wednesday then mail it off to WaPo.

My articles I'm working through with Joel. He edited articles 1 & 2; Hopefully I can perfect them soon. Ideally for release on the 25th but maybe not?
